

Patient Testimonials

Shirley W.

Patient Shirley started House Calls on Nov 11th 2006. Her Hgb A1c was 14.3 and her average Blood Glucose was over 300.

Her most recent Hgb A1c was 6.8 and she is considering Bariatric surgery. She is extremely proud of her accomplishments and feels that the Telehealth program was the partner she needed to take control of her health and manage her disease.

Shirley W. says, “Yes Nurse Susan this [is] the new and improved Ms. Shirley. How my A1 c results are improving! My health is the talk at all my gathering nowadays!”

The Telehealth Solution has proven results!
